

Year 2's Home Learning Letter 05.05.20

I still can't quite believe we are in May! Last week when it was pouring with rain, a huge snail visited us. He was climbing up the glass door on the conservatory. Did you know that snails lay eggs? I'd never really thought about it before but this really surprised me. Tiny eggs, with tiny snails who have see-through shells! I love receiving your emails with what you have been up to and your random facts! (year2teacher@kingsapps.co.uk) I'll try my best to reply. 😊

Spelling:

This week's spelling sentence is:

The light is brighter when the man runs quickest.

We are looking at '-er' endings and '-est' endings. Can you add the suffixes to these words?

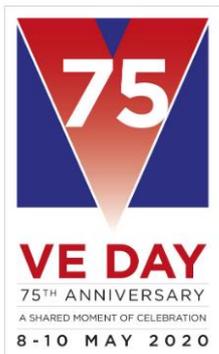

small fast tall light high

Remember: Your sentence is always on Spelling Shed so you can play some games too if you want to.

Reading:

Take another look at 'How Many Legs?' read by me on the YouTube channel. You can search my name or put in this link: <https://m.youtube.com/watch?v=iWVImKNfAdQ&t=24s> Select one of the animals and write a short description of them. What made you pick that animal? If you have the book at home, you could use this to help you. Don't forget to read too!

Writing:

Yesterday, I asked you to find out about VE day as Friday marks 75 years since the end of the war. I also said you had two days to find this out and then present your information. Remember you can do a poster, a leaflet or a PowerPoint. You might want to write a poem or produce some song lyrics. If you'd like to produce more than 5 facts, that is fine too.

Here are some useful pieces of information again for you:

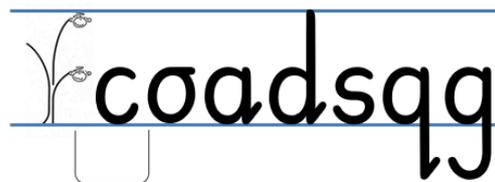

<https://www.fareham.gov.uk/leisure/ve75.aspx>

<https://www.twinkl.co.uk/resource/t-h-215-ks1-ve-day-resource-pack>

<https://www.tes.com/teaching-resource/ve-day-home-learning-12296920>

Handwriting:

This week, I'd like you to revisit: The Abracadabra Family. Please practise them in your book today. Remember you can do this as individual letters, letter pairs or the whole family. I can send you a video tutorial if you'd like or you can find it here: <https://m.youtube.com/watch?v=N75iH2PuSr&t=3s>

Maths:

Step 1: Show arrays for the following questions

2×9

6×5

3×10

8×5

8×10

Step 2: What do these symbols mean? $>$ $<$ $=$ Make a sign to help you remember what these words mean.

There is a useful video here (the first 2 minutes will be enough): <https://www.youtube.com/watch?v=rLZbniMGAVA>

Step 3: Use the greater than and less than symbols to compare the answers to Step 1.

$12 > 6$

Challenge: You can play some more games here if you would like to: <https://www.timestables.co.uk>

Remember: You can log onto Maths Shed and play some games that help practise your 2s, 5s, 10s and 3s

Wider curriculum:

VE Day: As part of the preparations for a VE day themed celebration on Friday, I'd like you to make a poster or some bunting that you can put up in your window. Please send me your pictures so I can share them on the blog as our virtual street party!

PE: Today I'd like to hear about how you have been active. Maybe you have been for a walk or bike ride as part of your hour daily exercise. You could join the Joe Wicks exercises, some yoga or if you're like me, dance around like a loon!
