

Year 6's Home Learning Letter

28.04.2020

Hi everyone! I hope you're all staying happy and healthy. I'm in school today so I'm looking forward to having a change of scenery. I'll keep checking my emails though so don't forget to contact me on year6teacher@kingsapps.co.uk I'm still missing you all lots and I really hope we'll see each other soon! Today's quote doesn't really work because most of you are nearly as tall as me but we'll go with it!

Love Miss Wylde

Spelling
Rule: Words from the Year 5/6 Statutory Spelling List.
Spelling sentence: The **foreign secretary** is a member of **parliament** who is currently leading the **government**, including chairing the **Cobra Committee**.
 Practise this week's spelling sentence. Try to use a range of different techniques over the week. Also use this week to work on your own personal spellings that you struggle with.

Reading
 Spend at least 30 minutes reading a book today. I've sent a PDF of the first chapter of The Clockwork Crow for you to read too.

Choose three words from the grid below and show your understanding by completing a vocabulary card for each. You will need to draw four boxes for each word.

cosier	grate	curiously
shawl	numb	thaw

Unconscious

When someone is unconscious it is like they are asleep.

Sleep Potion

When someone is wide awake they are conscious!

Word	Definition in your own words
Picture to illustrate the word	A reminder of what it does NOT mean

Handwriting
 G and Q today. Remember, three by the tree, then three in a row for flow. Then, write 5 words and 5 sentences that begin with each letter. Don't forget to snuggle your letters and draw your trees in the margin!

G

Q

G C C G G
write C push up like a helicopter pull down (pen off) push a line
Q C O Q
write C push up and stop (pen off) slide down-bump

Here are the answers for yesterday's maths:

Cube: 8cm ³	Cube: 125cm ³	Cube: 1331mm ³
Cuboid: 48cm ³	Cuboid: 810mm ³	Cuboid: 420mm ³

1. Calculate the difference in the volume of the cube and cuboid.

width = 10mm

length = 60mm

height = 30mm

2. Using the information below, work out what the length and height of the cuboid could be.

A cube has a volume of 64cm³.

This cuboid has the same volume as the cube above.

SPaG
 Today, have a go at writing three sentences in the passive voice. Remember the 'by zombies' rule!

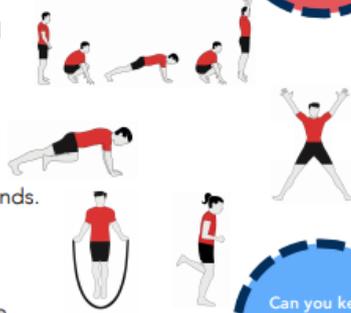

Write down all of the positive things about the current situation. I have been worrying a lot about whether my wedding will be able to go ahead so I've decided to try to focus on the positives. Hopefully it'll help you too!

Healthy Hearts

Home Physical Education

How to play:

- Layout 5 markers in a space around your area. These are your 5 cardio circuit activities.
- **Station 1:** Perform 10 star jumps.
- **Station 2:** Perform 10 mountain climbers.
- **Station 3:** Skip or jump for 10 seconds.
- **Station 4:** Perform 10 burpees.
- **Station 5:** Jog on the spot for 10 seconds.
- How many times can you repeat the circuit?

Top Tips

Break into a sweat!

When we increase our heart rate, more blood pumps around our body providing oxygen from the lungs to the muscles.

Let's Reflect

Were you able to work hard and increase your heart rate?

Do you understand why it is important to raise our heart rate and keep active?

Can you complete the circuit with a partner, encouraging each other?

Can you keep trying even if you feel tired?

I own the world's worst thesaurus.
Not only is it awful...it's awful.
