Handwriting	Practise this letter: <div style="text-align: center;">  </div> Write these words: gap, gosh, bag <div style="text-align: right; margin-top: 10px;">  </div>				
Maths	Odd and even numbers In class we count even numbers loudly and odd quietly- ask your child to demonstrate this to you. When finding out if a number is odd or even, we see if we can put them in pairs, e.g. 6 sticks can be put into 3 pairs but 7 sticks are 3 pairs but 1 stick doesn't have a partner so 7 is odd. Use resources available, e.g. beads, stones, sticks, marbles, lego bricks to investigate numbers that are odd and numbers that are even. Record your findings in a way of your choice. <div style="text-align: right; margin-top: 10px;">  </div>

She said, "Well it might not be shiny or blue
* But I know that my duckling is loved through and through.

I'll teach it to share and to always be kind,
For a kind duck's the best duck you ever will find."

A duckling emerged with the softest of down,
Which was coloured a beautiful yellowy brown.

And then, sure enough, came a series of cracks
As the ducklings were born in a flurry of quacks.
