Year 5's Home Learning Letter

Monday 30th March

If you have any questions about your learning, want to show me what you've done or would just like to say hello, you can get in touch using: year5teacher@kingsapps.co.uk or adminoffice@kingscopse.hants.sch.uk I'd love to hear from you!

Look after yourselves and be kind to everyone at home ☺ *Love Miss Halton xxx*

Halton's Hello!	I can't believe we're at the start of week two! I hope you've all had a lovely weekend. I spent a lot of my weekend reading (as you all know, it's my favourite thing to do so I didn't mind not going out!) – I think you'll enjoy the book I'm reading too so I'll add it to the list of books we'll read when we're back! I'm missing our end of the day story, so I'd love you to email me and let me know which book you're really enjoying at the moment too. Have a wonderful day! P.s. I hope you like the more colourful sheet – I've included something at the bottom to make you smile ☺	
Spelling	**Rule:** 'ie' and 'ei' words and past/passed **Sentence:** As I walked past the quiet field, I passed the reins of my mischievous horse to my friend. Practise your spelling sentence (remember – you can practise on spelling shed too!) Think about all of the different techniques you could use to help you – perhaps you could try writing the tricky part in a different colour or drawing around the shape of the word.	
Reading	Would you recommend the book you're reading to someone else? Explain your answer.	
Writing		Today you can finish your stories by writing the resolution and ending. How is your protagonist going to solve the big problem? Who is going to help them? What has changed? What have they learnt? You can always draw some illustrations to go with your story if you'd like!
Handwriting		Practise o and s from the abracadabra family. Write five words which use the letters. Don't forget to draw your trees in the margin! ☺ Maths		Each shape stands for a number. The numbers shown are the totals of the line of four numbers in the row or column. Find the remaining totals. HINT: Work out what a circle is first! ☺ *Answers for yesterday's maths: Anil bought 13 choc bars and 9 fruit bars, or 4 choc bars and 22 fruit bars.*
Wider Curriculum		
Choose one or more of the activities for today:	DT	Help out with some cooking today! You could bake a cake, or if you're feeling adventurous, you could make one of the meals! I'd love to see a photo of what you make.
	PE	Design and make an obstacle course at home or in the garden. How fast can you complete it?
	PSCHE	Do something kind for someone. Can you pay them a compliment, make something or help them with a task?
Final fun fact!	As I know you're a class of animal lovers, I thought I'd send you a fun animal fact every day to make you smile! **Fun fact:** Sea otters hold hands while they're sleeping so they don't drift apart. How cute is that!
